# FY21 Diversity Objectives

---

In FY21, Megaport will focus on gender diversity as a core objective and will adopt additional interventions to support existing approaches. Namely, closer collaboration with Work 180 to support recruitment campaign adaptation, attendance at 'WomenHack' events to increase Megaport's profile and specific focus on roles with the greatest gender disparity.

Further, diversity 'think tank' sessions will be introduced in the first quarter of FY21 to generate greater internal awareness and stimulate ideas to tackle this objective. Megaport will also commence a careers blog on the company website fostering Diversity and Inclusion.

As part of the commitment to achieving and maintaining effective diversity policies, the Board and the Remuneration and Nomination Committee will perform regular reviews of the changes in diversity throughout the organisation. There will be particular focus on the following groups:

- Women
- Board
- Under-represented Minorities
- Cultural diversity
