

**Privacy Policy - What's Changed
July 2021**

Our Privacy Policy has been updated to accommodate the right that California residents may have under the California Consumer Privacy Act 2018 ("CCPA") to opt-out from ever having their personal data sold by Megaport.*

Note that our Privacy Policy has always explained our data use and sharing practises and these have not changed in any way. We've simply accommodated references to the CCPA opt-out right itself in the following sections:

Part 1
- 1.1 – Customers - How we share it
- 1.2 – Prospective Customers – How we share it
Part 5
- How else we may share personal information
- Your other rights

*Note that minor improvements to language were also made in the introduction (second paragraph) and in Part 3
